

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

In order to promote more livable and sustainable communities, Pine Bluff must coordinate key community development efforts, especially in the areas of housing, infrastructure, workforce, and economic development. As the only metropolitan area in all of South Arkansas, Pine Bluff must function as a key anchor and driving force for growth and prosperity the region. Each citizen, stakeholder and institution serves a role in helping make Pine Bluff a safer, more beautiful, and more vibrant city. As our citizens thrive, our community thrives. We aspire to be a city filled with thriving individuals, thriving families, thriving businesses, thriving neighborhoods and thriving commercial centers. This is the vision—a vision that will manifest as our citizens at all levels are engaged in community development processes and efforts.

Toward this end, the Economic & Community Development Department (ECD) presented its Consolidated Plan with three simply-stated, yet complex goals: (1) create affordable housing opportunities, (2) create economic opportunities, and (3) create suitable living environments. These constitute three critical ingredients for helping all citizens—especially those from low-to-moderate income households—attain a better quality of life for themselves and their families. These goals and their corresponding objectives, programs, and projects are carried out by not only by ECD staff but also by a myriad of partners and participants.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The top three priorities identified in the Consolidated Plan are: (1) affordable housing, (2) public facilities improvements, and (3) economic opportunities. Affordable Housing: Each year, a significant portion of CDBG funds are allocated toward housing rehabilitation. These funds are attributed to owner-occupied housing rehabilitation, rental rehabilitation, and homebuyer assistance. Rental rehabilitation funds address both the rental housing condition and housing cost burden issues, in that rents are restricted during the period of affordability. Given the prevalence of housing cost burdens, each year ECD prepares to address the effects of such conditions with housing stability case management services. These services draw on any available resources and programs to: (1) address immediate needs, when feasible and (2) analyze and address barriers to housing stability. Along with mainstream and community-based resources, these services are often-times accompanied by assistance

from other grant funds that assist with homeless prevention, homeless rehousing, homeless rehousing with supportive services for persons with disabilities, and soon with HOME TBRA funding. Public Facilities and Improvements: As stated in the Consolidated Plan, public facilities and improvements that support the “Quality of Place” component of the Economic Development Agenda are high priority. These include the development and redevelopment of parks and recreational facilities, transportation infrastructure as well as basic infrastructure such as drainage facilities. These are the public facilities that contribute toward suitable living environments. Economic Opportunities: ECD continues to work toward revitalization of the commercial corridors within the Heart of the City—particularly University Drive and downtown Pine Bluff. This outcome combines “place-making” efforts associated with targeted public facilities and improvements with assistance to individual property owners and businesses.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME
White	3	0
Black or African American	21	13
Asian	0	0
American Indian or American Native	0	0
Native Hawaiian or Other Pacific Islander	0	0

Narrative

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

CDBG funds are leveraged with other funds, when appropriate. The City of Pine Bluff has been exempt from HOME Match requirements for the applicable program years.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	0
2. Match contributed during current Federal fiscal year	0
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	0

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of homeless households to be provided affordable housing units		
Number of non-homeless households to be provided affordable housing units		
Number of special-needs households to be provided affordable housing units		
Total		

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Acquisition of Existing Units	0	0
Total	0	0

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

ECD exceeded stated goals with the exception of homebuyer assistance and the production of new units. Assistance was provided to more homebuyers, however, the projects had not closed in the IDIS system before the program year ended and will be counted in the next program year.

Discuss how these outcomes will impact future annual action plans.

ECD plans to provide more focus on the production of new units in the upcoming program year. In addition, there were three new units in development during program year 2015 that were being developed by the local CHDO. These units will be counted in program year 2016 as well.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	1	0
Low-income	6	0
Moderate-income	5	0
Total	12	0

Table 13 – Number of Persons Served

Narrative Information

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

As a member of the SOAR Continuum of Care, ECD works with other service providers to assess the needs of homeless persons.

Addressing the emergency shelter and transitional housing needs of homeless persons

Emergency shelter and transitional housing needs are addressed through some of SOAR CoC's member agencies, namely participating Salvation Army centers and the Committee Against Spouse Abuse or CASA.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

ECD operates a homeless prevention program in partnership with the Arkansas Department of Human Services. This program provides a base level of funding to assist eligible persons and families with rental assistance and utility assistance to prevent homelessness. ECD seeks to maintain relationships with service providers assisting the aforementioned populations in order to connect eligible persons with these and/or other available resources.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were

recently homeless from becoming homeless again

Again, ECD seeks to maintain relationships with service providers assisting special populations, such as veterans and unaccompanied youth, in order to connect eligible persons with available resources, including services available through ECD. ECD case managers work with each client to assess and address any barriers that would prevent them from accessing and maintaining permanent housing. The case managers also refer clients to other agencies that can help address other needs. They are referred to social services agencies, health care agencies and employment agencies.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Pine Bluff Housing Authority continues to take a proactive approach toward meeting the housing needs of low-income families. During 2015, 54 additional housing units were constructed to meet this need. Forty-eight (48) units were made available as part of a 65-unit, single-family housing development. In addition, six (6) single-family units were constructed outside this development.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

With regard to participation in management, each housing development has an active Resident Council. Resident Councils serve as the voice of the residents at each public housing development. With regard to homeownership, homeownership is encouraged. The Pine Bluff Housing Authority operates a Homeownership Program.

The purpose of the Public Housing FSS (PH FSS) program is to promote the development of local strategies to coordinate the use of assistance under the Public Housing program with public and private resources to enable participating families to increase earned income, reduce or eliminate the need for welfare assistance and make progress toward achieving economic independence and housing self-sufficiency.

Actions taken to provide assistance to troubled PHAs

The Pine Bluff Housing Authority is rated as a "High Performer" by the U.S. Department of Housing and Urban Development. This is the highest honor that can be bestowed on a public housing authority.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

During 2015, ECD worked with partnering entities and stakeholders to modify zoning requirements along University Drive. One significant change dealt with reducing the land requirements for construction of new housing. The requirements also address the quality of new construction in an effort to contribute toward revitalization of the University Park Neighborhood.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Pine Bluff works with other public and non-profit organizations to better utilize existing resources and secure additional federal, state, foundation, and local funding to support Consolidated Plan activities that address these needs.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

ECD seeks to serve as a central resource for families and help strengthen the network of service providers working to promote thriving individuals and families. Through existing programs for housing stability case management, ECD continued to work with the network of service providers to help bridge families out of poverty.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The key to a strong institutional structure is the ability to share information across the network of service providers of community needs and opportunities. ECD continued to meet with existing networks of service providers during the year to share information and coordinate with mainstream resources. One of these groups was the South Arkansas Continuum of Care, which met monthly to coordinate service delivery for persons experiencing homelessness.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

In addition to participation in the South Arkansas Continuum of Care (SOAR) network, ECD participated in additional coordinating groups with the Pine Bluff Housing Authority and Southeast Arkansas Behavioral Healthcare System. All of these groups allow for networking and coordination opportunities related to targeted populations or general coordination efforts. ECD will continue to help strengthen the network of service providers working to promote thriving individuals and families in Pine Bluff/Southeast Arkansas.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

ECD continued to promote awareness of fair housing principles through outreach and education.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

ECD reviews its programs and makes adjustments quarterly to ensure we are tracking progress with our stated goals. The city makes attempts to get activities falling behind schedule back on track.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

ECD provides citizens with reasonable notice and an opportunity to comment on performance reports. The public comment period opened February 29, 2016 and closed March 29, 2015. The City of Pine Bluff held a public hearing on Monday, February 29, 2015, to provide citizens with an additional opportunity to comment. Notice was published in the *Pine Bluff Commercial*, informing the public of this opportunity. Copies of the newspaper advertisement and meeting documents are included as appendices. There were no comments provided.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no changes in program objectives; however, a substantial amendment was executed during the program year to program extra funding available to meet program objectives. As a result, additional public facilities activities were undertaken during the program year.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?	No
--------------------------------------------------------------------------------------------------------	----

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

Outreach to minority businesses consists of direct notification of bid opportunities, in addition to public notices. ECD maintains a list of contractors that have completed our review process. These contractors are specifically notified of opportunities.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Due to the change in IDIS accounting procedures, very little program income was used for projects in 2015.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

2015 Consolidated Annual Performance Evaluation Report
(CAPER)
Public Hearing --February 29, 2016

The public hearing to discuss and review the 2015 Consolidated Annual Performance Evaluation Report was held Monday, February 29, 2016 at 5:00PM in the City Hall Council Chambers, 200 East 8th Street.

Public Comments process:

Each speaker will be allowed 3 minutes to speak. You must state your name, address and the organization you represent (if any). If you have a concern that is not related to the Economic and Community Development we will forward the concern to the correct department.

There were no comments or questions.

We will continue to receive comments until March 29, 2016 in the Economic and Community Development Office at 716 Georgia Street or email to ecd@cityofpinebluff.com.
